

Silicon Valley Robotics

Partner with the world's densest robotics ecosystem

The 501(c)(6) association at the center of Bay Area robotics and physical AI since 2010. Founded by Intuitive, Bosch, Adept/Omron, SRI International, Willow Garage and NASA. Today: hundreds of member companies, one connective tissue.

By the numbers

- ~**1,000** robotics and physical AI companies in the Bay Area, the most concentrated cluster in the world
- **\$50B+** cumulative equity raised by those companies through 2025
- **25,000+** subscribers across SVR newsletters (Substack and LinkedIn)
- **50+** commercial R&D labs, Stanford, UC Berkeley and four other UCs, three adjacent U.S. National Labs
- **Host of IEEE Humanoids 2026**

Why partner with SVR

Whether you build robots, invest in them, or sell to the companies that do, SVR is the shortest path into the ecosystem.

- **Deal flow:** quarterly Investor Summits and curated startup/investor introductions
- **Talent:** recruiting and developer events drawing 100 to 300 engineers
- **Brand:** featured presence on svrobo.org, LinkedIn and a 25k+ subscriber newsletter
- **Insight:** Leaders Circle, Manufacturing Workshops, Humanoids Standards Study Group, and briefings for national and international delegations
- **Access:** Stanford Robotics Center, SRI, the UCs, NIST, ASTM, IEEE and Open Robotics

What we do

Events. Monthly Bots, Bevs & Devs. Quarterly Investor Summits and Manufacturing Workshops. Biannual Leaders Circle. Hackathons and showcases including the LeRobot Global Hackathon 2025 and Unitree Showcase 2026. Co-hosted programs with IEEE and Open Robotics, plus the IEEE Hard Tech Venture Summits and Industry Tech Talks at IEEE RAS conferences. Event calendar: luma.com/svrobo

Connections. Investor/startup introductions ([investor sign up](#), [startup sign up](#)). Liaison with standards, policy and manufacturing bodies. Partnerships with universities, research labs and national labs.

Communications. A trusted, high signal source of robotics news and analysis. Newsletters on [Substack](#) and [LinkedIn](#). Representing ecosystem trends to corporate, national and international groups.

Partners we have worked with

SRI International, Intuitive Surgical, Harmonic Drive, Intrinsic, Foxglove, Qualcomm, Arm, Konica Minolta, WilmerHale, UC CITRIS, the Association for Manufacturing Technology, US DOE, UK Trade & Investment, NEDO and CSIRO.

Partnership levels

Level	Robotics companies (doing business in California)	NGOs, research and economic development groups	Service providers, ie consultants, legal or management etc.
Platinum (limited)	\$80,000	\$100,000	\$200,000
Gold (limited)	\$25,000	\$30,000	\$40,000
Silver	\$5,000	\$7,500	\$20,000
Bronze (by invitation)	\$1,000	\$2,500	\$10,000
Membership	Free, by application	n/a	n/a

Platinum: custom program, scholarship or competition. Exclusive category branding ("SVR's exclusive partner for X"). Seat at Board/Advisor meetings. Curated robotics dinners. Access to all SVR event and email lists. Plus all Gold benefits.

Gold: front-page listing on svrobo.org, LinkedIn, banners and brochures. Host one quarterly premium event (Leaders Circle, Investor Summit or Manufacturing Workshop). Quarterly thought leadership or recruitment feature in newsletter and LinkedIn. Speaking and demo slots at monthly events. Plus all Silver benefits.

Silver: featured listing on svrobo.org and LinkedIn. Host a monthly Bots, Bevs & Devs or recruiting event. Banner or table at monthly events. Content reposted in SVR channels. Office hours with the SVR team. Materials sent to SVR job seeker and investor lists. Plus all Bronze benefits.

Bronze: free or discounted invitations to select events. Demo and speaking slots when available. Banner or table at monthly events. SVR directory access.

Membership (free): for robotics technology companies doing business in California. Event invitations, weekly newsletter, optional directory listing. Apply at bit.ly/SVRmembership.
